PROCEDURES

THORACIC : LUNG RESECTION (SEGMENTECTOMY,LOBECTOMY , BI LOBECTOMY AND PNEUMENECTOMY) FOR BENIGN AND MALIGNANT CONDITIONS FOR ADULT AND PAEDIATRIC AGE GROUPS. I ALSO HAVE LONG EXPERIENCE IN TRAUMA SURGERY.

OESOPHAGUES : I PERFORMED HELLERS MYOTOMY FOR ACHALASIA AND TRANSHIATAL OESOPHEGECTOMY FOR CA OESOPHAGUES BUT I LOOK FORWAD TO LEARN MORE ADVANCED TECHNIQUES IN OESOPHAGEAL SURGERY

VASCULAR : I HAVE A LOT OF EXPERIENCE IN VASCULAR SURGERY. I HAVE PERFORMED ADBOMINAL AORTIC ANEURYSMAL REPAIR SURGERY FOR INFRA RENAL ABDOMINAL AORTA IN 76 YRS OLD MALE ALSO AXILLOFEMORAL BYPASS IN 71 MALE WITH SEVERE COPD AND IHD AND FEM-POP BYPASS IN 4 PATIENTS WITH SEVERE LOWER FEMORAL ART. STENOSIS AND HUNDREDS OF BRACHIOCEPHALIC AV FISTULA FOR DYALYSIS IN RENAL FAILURE PATIENTS

I AM KEEN IN DEVELOPING MY SKILLS IN ADVANCED TECHNIQUES IN ENDOVASCULAR INTERVENTION AND IN VIDEO ASSISTED THORACIC SURGERY.

CAREER ASPIRATION:

Due to the exceptional circumstances my country has faced (war, conflict and an existing poor infrastructure), I have been able to gain extensive experience in trauma surgery.

I have been trained by experienced surgeons in their respected fields and have enjoyed a high turnover of surgical practice particularly in the past two years, after completing my specialty training.

I am keen to develop my skills in advanced thoracic and vascular surgery that may offer my patients safer and more effective therapeutic options
